

NETWORK AND COMPUTER SYSTEMS ADMINISTRATION

DEGREE: ASSOCIATE OF APPLIED SCIENCE IN NETWORK AND COMPUTER SYSTEMS

QUARTER CREDIT HOURS: **107.5**

CERTIFICATE: NETWORK AND COMPUTER SYSTEMS ADMINISTRATION

QUARTER CREDIT HOURS: **80.5**

What does a Network and Computer Systems Administrator do?

Network and Computer Systems Administrators provide help and advice to computer users and organizations. These specialists either support computer networks or they provide technical assistance directly to computer users. Network and Computer Systems Administrators analyze, troubleshoot, and evaluate computer network problems. They play an important role in the routine maintenance of their organization's networks, such as performing file backups on the network.

How will Asher College prepare me for this career?

The computer industry continues to demand educated IT professionals. Asher College provides students with knowledge for their field including:

- PC Repair
- Building, upgrading, maintaining, diagnosing and troubleshooting computer hardware & software
- Solving system and network connectivity issues
- Designing, implementing, and managing network infrastructure
- Understanding and implementing network security fundamentals and practices
- How to install, configure, and maintain a Windows operating system in stand-alone, workgroup, and domain environments
- How to install, operate, configure, and verify basic IPv4 and IPv6 networks using Cisco switches, routers, and wireless networking devices
- Build an understanding of Cisco security, WAN protocols, special transmission protocols, and automation.

What characteristics are important in this field?

- **Analytical skills:** Administrators need to evaluate networks and systems to make sure that they perform reliably and to anticipate new requirements as customers' needs change.
- **Communication skills:** Administrators must describe problems and their solutions to non-IT workers.
- **Multitasking skills:** Administrators may have to work on many problems and tasks at the same time.
- **Problem-solving skills:** Administrators must quickly resolve problems that arise with computer networks.

What are the job opportunities in this Career?

The Network and Computer Systems Administration certification is appropriate for job roles including:

- Help Desk
- PC Support Technician
- Repair Technician
- Desktop Support Engineer
- Network Repair Technician
- Network Support Specialist

What is the Salary Potential and the job outlook in this field?

Asher College provides career-training programs for entry and mid-level positions. Salaries vary depending on geographical location, economic conditions, and willingness to relocate. Salaries by occupation and specific location can be found at www.onetonline.org. National figures for labor market activity, working conditions, and price changes in the economy are available at www.bls.gov/ooh/ or you can visit the campus career services department to learn where Asher graduates work and the beginning salaries in their respective careers.

What are the typical working hours for this career?

Most Network and Computer Systems Administrators work full time. Organizations depend on their computers, so specialists may need to work overtime to ensure that the networks are operating properly around the clock.

NETWORK AND COMPUTER SYSTEMS ADMINISTRATION

ASHER ID	COURSE NAME	CERTIFICATION EXAM OR SKILL
PCS110	PC Support Level 1	CompTIA A+ Part 1 of 2
PCS111	PC Support Level 2	CompTIA A+ Part 2 of 2
NET103	Introduction to Networking	CompTIA Network+
MOS102	Windows OS	Skill Development
SEC102	Network and Operational Security	CompTIA Security+
CD101	Career Success	Soft Skill Development
CD201	Advanced Career Development	Soft Skill Development
CNC101	Advanced Networking Level 1	Skill Development
CNC102	Advanced Networking Level 2	Cisco CCNA

What Certification and Exam options do I have with this program?

CompTIA A+
 CompTIA Network+
 CompTIA Security+
 Cisco CCNA (Cisco Certified Network Associate)

Earn the following credentials by stacking multiple CompTIA certifications:

Infrastructure Specialist – **CIOS – CompTIA IT Operations Specialist** (A+ and Network+)
 Cybersecurity Specialist – **CSIS – CompTIA Secure Infrastructure Specialist** (A+ and Network+ and Security+)

How long will it take to complete my certificate?

Full time = 12 months (24 hours per week)
¾ time = 17 months (18 hours per week)
Half Time = 25 months (12 hours per week)

Earn an Associate of Applied Science in Network and Computer Systems - add 6 Months and the following courses:

ASHER ID	COURSE NAME
GE101 or GE107	Critical Thinking or Introduction to Psychology
GE102	Business Communication
GE103	Business Math
GE104	Introduction to Business
GE105 or GE108	Principles of Management or Leadership
GE106	American Government
